## Protecting your identity and the environment

National ID Fraud Prevention (NIFP) Week runs from October 18th-24th 2011 to help raise awareness of one of the UK's fastest growing crimes - Identity Theft. With technology becoming more advanced it's easier than ever for criminals to steal our identities and we feel that with simple measures such as this stamp, we can make it just that little bit more difficult for criminals to obtain our personal details.
